

AADB 2018 MID-YEAR MEETING CHICAGO, ILLINOIS

**Embassy Suites Downtown Chicago Magnificent Mile
April 22-23**

About AADB's Mid-Year Meeting

The AADB Mid-Year Meeting provides an excellent forum for keeping up-to-date with state board concerns. Programs are designed to allow opportunities for interaction among all participants, including board members, dentists, dental hygienists, educators, board attorneys, and dental specialty associations. Panels or small discussion groups exchange ideas and information. Participants take away valuable information on current issues and all aspects of dental and dental hygiene regulation.

About AADB

The American Association of Dental Boards is a national association that encourages the highest standards of dental education, promotes higher and uniform standards of qualification for dental practitioners, and advocates uniform methods in the conduct, operation, and working of dental examining boards. Membership is comprised of boards of dentistry, specialty boards, present and past members of those boards, board administrators, board attorneys, and dental and dental hygiene educators.

Our Mission

To serve as a resource by providing a national forum for exchange, development, and dissemination of information to assist dental regulatory boards with their obligation to protect the public.

Corporate Dentistry: The Ever-changing Definition of Dental Service Organizations (DSOs)

W. Carter Brown, DMD, Assistant Professor, Medical University of South Carolina, and Past President, Academy of General Dentistry

John C. Comisi, DDS, Assistant Professor, Medical University of South Carolina, and Past Speaker of the House, Academy of General Dentistry

There are many aspects to the rapidly increasing trend toward corporate dental practices. In this session, our speaker, W. Carter Brown, DMD, will discuss market trends, dentistry as a commodity, capacity utilization and overall utilization of care, patient consumerism, related litigation, and more. Dr. Brown chaired the Academy of General Dentistry's Task Force on Corporate Dentistry, which interviewed individuals involved in corporate practice, CEOs, attorneys, and legislators. The resulting investigative report has been quoted and utilized by many groups, including legislative bodies and corporations. This timely session will be moderated by John C. Comisi, DDS.

By participating in this session, attendees will gain an understanding of:

- The definition, function and dynamics of corporate dentistry and DSOs.
- Market trends, as defined by dentistry as a commodity, capacity utilization, overall utilization of care, and other factors.
- Past and anticipated litigation, legislation, and regulation impacting corporate dentistry.
- Considerations for state boards as corporate dentistry expands.

AADB Open Forum: State Board Issues

Bobby D. White, Esq., North Carolina State Board of Dental Examiners

This lively, interactive session will provide the General Assembly an opportunity to discuss regulatory concerns and other important topics encountered by state boards in a spontaneous, free-flowing setting. The goal of this forum is to stimulate conversation. Participate in the AADB Open Forum by asking questions, discussing challenges, and sharing your successful practices and innovations.

By participating in this session, attendees will:

- Learn about regulatory and other topics of interest to state boards.
- Understand how other jurisdictions are addressing important issues.

Advocacy: Shaping the Future of Dental Practice

Gary F. Alder, DDS, FAGD, DAAPM, Chair, Illinois State Dental Society
Allied Dental Personnel Committee

Dave Marsh, MA, Director of Governmental Relations, Illinois State
Dental Society

This timely session about advocacy will include a case study on the passage of an Illinois law allowing dentists to administer the flu vaccine. Illinois is the only state in which dentists, with certified training, can legally administer the vaccine to the adult population. The presentation will review the process, from formulating the initial concept to delivering proposed legislation to a legislative body. It will also explore strategies for countering resistance, such as opposition from a state medical society.

By participating in this session, attendees will:

- Recognize pathways and structures in organized dentistry that must be navigated to bring legislative ideas to reality.
- Appreciate the time, effort, and patience to nurture policy to fruition.
- Learn how to leverage key opinion leaders.
- Understand how opposition can be embraced and overcome.
- Learn how to compromise without being compromised.
- Learn strategies for successful presentations to legislative bodies.

Technology and Advancements: Silver Diamine Fluoride for Arresting Dental Caries

Milona Van Kanegan, DDS, MS, MPH, Chief, Division of Oral Health Promotion, Illinois Department of Public Health

Silver Diamine Fluoride (SDF) is an interim caries arresting liquid medicament clinically applied to control and prevent the further progression of active dental caries and reduce dentin hypersensitivity. This treatment allows oral health care professionals to arrest dental caries with a noninvasive, painless, and quick method across the age spectrum. SDF treatment is highly effective in arresting dental caries, and the American Academy of Pediatric Dentistry recommends that treated areas be actively monitored with a follow-up evaluation plan. Many groups can benefit from this intervention, including the very young, individuals with disabilities or special health care needs, the elderly, and others with inconsistent access to dental treatment services.

By participating in this session, attendees will:

- Understand the mechanism of action of Silver Diamine Fluoride (SDF).
- Identify appropriate cases for treatment with SDF.
- Review clinical protocols for this treatment.
- Learn how to develop a follow-up plan.
- Understand considerations for formulating policy for regulating of SDF.

11:15 a.m. – Noon

Attorney Update

Grant D. Gerber, JD, Maryland Department of Health and Mental Hygiene

Lori Lindley, Esq., Oregon Department of Justice, General Counsel Division

The Attorney Update is a popular fixture of AADB's Mid-Year and Annual Meetings. This year, our speakers will explore a variety of legal topics of interest to state boards, including specialty recognition, minimum competency, standard of care, and tele-dentistry. The session will also review current cases of importance.

By participating in this session, attendees will:

- Learn about legal topics of interest to state boards.
- Understand the current legal landscape and its impact on the business of state boards.
- Receive interpretation and insights about legal issues of importance.
