## ATLANTA, GEORGIA

The Westin Peachtree Plaza | October 17-18, 2017

### About AADB's Annual Meeting

The AADB 134th Annual Meeting provides an excellent forum for keeping up-to-date with state board concerns. Programs are designed to allow opportunities for interaction among all participants, including board members, dentists, dental hygienists, educators, board attorneys, and dental specialty associations. Panels and discussion groups exchange ideas and information. Participants take away valuable information on current issues and all aspects of dental and dental hygiene regulation.

### About AADB

Membership is comprised of boards of dentistry, specialty boards, present and past members of those boards, board administrators, board attorneys, and dental and dental hygiene educators.

### Our Mission

To serve as a resource by providing a national forum for exchange, development, and dissemination of information to assist dental regulatory boards with their obligation to protect the public.

Office dental anesthesia has received significant negative publicity in recent months with associated pediatric mortality and morbidity. Articles in newspapers, TV and social media question its safety. This negative view of dentists providing anesthesia has placed state dental boards in an awkward position. How do dental boards protect the public and, at same time, recognize the legitimate ability of dentist to provide anesthesia? This three-part anesthesia symposium will highlight the current state of affairs on this topic.

In part one, *Dental Anesthesia Today*, we will discuss the changing position of the American Dental Association and CDEL on dental anesthesia. We will also explore new recommendations by the American Academy Pediatric Dentistry and discuss the training of pediatric dentists in anesthesia.
