

## ABOUT AADB

The American Association of Dental Boards is a national organization that promotes the highest standards of dental education, advocates for elevated and consistent qualifications for dental practitioners, and supports uniform procedures in the administration and operation of dental examining boards. Its membership comprises boards of dentistry, advanced education boards, current and former members of those boards, board administrators, board attorneys, educators, and stakeholders.

## ABOUT THE MEETING

Programs are structured to facilitate opportunities for interaction among all participants, including board members, dentists, dental hygienists, dental therapists, assistants, educators, board attorneys, and dental specialty associations.
